

SAVE THE DATE: Miners' Wellness ECHO Program

Special Session May 13th!
"How to Apply for RECA Benefits"
Presented By Attorney Kevin Martinez

The Radiation Exposure Compensation Act (RECA) is a federal law that provides one-time compensation to individuals who developed serious illnesses due to radiation exposure from U.S. nuclear weapons testing and uranium industry work.

Save the Date and join us as we dive into accountability, justice, and addressing the lasting health impacts faced by affected families in New Mexico.
