

People who have attended our Spring Conference in the past have asked that we cover specifically, Radiation Therapy. We are pleased to announce that one of our 5 breakout groups will do that at the Cancer Support Now Fifth Annual Conference – *Living With & Beyond Cancer* on March 5, 2016, 8:30am to 4:30pm in Albuquerque at Central United Methodist Church, Copper and University.

**Ramesh Gopal MD, PhD will present, from 10:30am to Noon,
*Radiation Therapy – Methods & Techniques to
Maximize Effectiveness and Help Reduce Side-effects***

Dr. Gopal believes that although technology and equipment are important, the people who operate the machines are the key to providing the best care.

Dr. Gopal trained in radiation oncology at The University of Texas MD Anderson Cancer Center in Houston and has a PhD in Molecular Pharmacology and Biological Chemistry from Northwestern University in Chicago. He is board certified in Radiation Oncology by the American Board of Radiology.

Dr. Gopal is the Medical Director of the Presbyterian MD Anderson Radiation Treatment Center in Albuquerque, and an Associate Professor at The University of Texas MD Anderson Cancer Center.

**Look for announcements of our 5 breakout sessions, and information on Keynote Speaker and a post-lunch *Cancer Resources – Panel Presentation* at www.cancersupportnow.org
